

Introducing the Insight™ Range with the world's first Microwave Drawer™

©2005 Sharp Electronics Corporation

The Insight Range is the perfect blend of style and convenience. It combines a microwave, a smooth ceramic cooktop and an oven, making it ideal for small or open-plan kitchens. The range also offers insightful tools like glass touchscreen navigation, while microwave sensor technology makes cooking simple. It's the best solution yet for where to put the microwave.

- One-of-a-kind Microwave Drawer
- Sleek, space-saving design
- Freestanding or slide-in models
- Conventional or convection oven
- Available in stainless steel, black or white

To offer this unique kitchen solution to your customers, call 1-866-RANGE99 or visit sharpusa.com/insight

It's the most innovative solution yet for where to place the microwave.
